

# After-School Club & Home Learning Guide

FOR CLUBS & FAMILIES

Guide 10 of 10

Running Draw in the Air outside the school day.

Draw in the Air works brilliantly in extended school day settings, breakfast clubs, and for home learning. Anywhere a webcam is available and a child wants to play.

## 45-Minute After-School Club Session Plan

| Time      | Phase            | What to do                                                                                         |
|-----------|------------------|----------------------------------------------------------------------------------------------------|
| 0:00-0:05 | Welcome & Choose | Children arrive and choose which activity they want to start with. Encourage trying something new. |
| 0:05-0:15 | Free Exploration | Unstructured. Children explore any mode freely. No target, no assessment. Pure play.               |
| 0:15-0:25 | Challenge Round  | Set a group challenge: "Can everyone in the room trace the letter G perfectly?" Compare attempts.  |
| 0:25-0:35 | Creative Session | Free Paint mode. Give a loose theme: "Draw your favourite animal" or "Draw what makes you happy."  |
| 0:35-0:40 | Tournament       | Bubble Pop: who can pop the most in 60 seconds? Keep the class score on the board.                 |
| 0:40-0:45 | Share & Close    | Each child shows one thing they drew or achieved today. Applaud each other. Tidy up.               |

## Setting Up Draw in the Air at Home

Share this section directly with parents. Cut here, or photograph and send via your school communication app.

### FOR PARENTS: DRAW IN THE AIR AT HOME

1. Open Chrome on any laptop, desktop, or Chromebook.
2. Go to: [drawintheair.com](https://drawintheair.com)
3. Click Allow when the camera permission appears.
4. Choose an activity and follow the on-screen guide.

Best activities to try first: Bubble Pop (ages 3+, instant fun, no reading needed), Letter Tracing (choose your child's target letters from school), and Free Paint (creative, open-ended, great for winding down).

The webcam video is never recorded or saved. 100% private. 100% free.

## Monthly At-Home Challenge Ideas

### Alphabet Marathon

Trace all 26 letters in one sitting. Time it. Try to beat your record each week.

### **Family Art Gallery**

Each family member creates a Free Paint piece. Display them on the fridge.

### **Bubble World Record**

How many bubbles can you pop in 60 seconds? Submit to school!

### **Number Challenge**

Trace numbers 1-10 perfectly, then try going backwards.
